Dear Patrick:

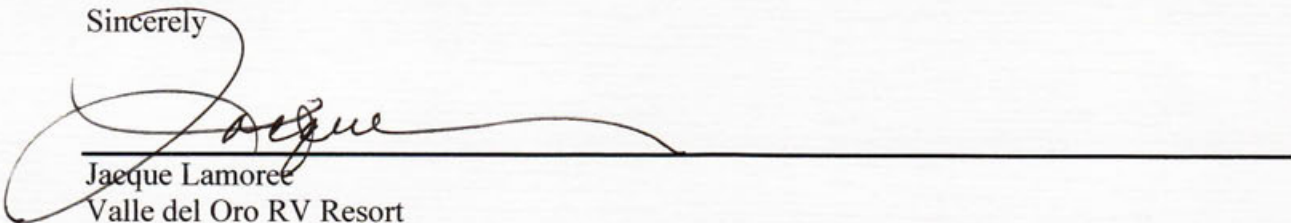

Your performance here at Valle del Oro RV Resort in January of this year, was fantastic. It is always interesting to me how a resident determines what will be a good show. For the most part when you say ventriloquism, it does not excite the general population.

However, in our case, being part of the National Performing Artist series, our residents trust that we will put on a good show. We had a great crowd and **IT WAS WONDERFUL.**

The residents expressed how surprised they were that for a whole hour they were thoroughly entertained.

Thank you for a great job, very professional and great to work with. Come back and see us sometime.

Sincerely

Jaque Lamoree
