Dear Patrick,

Your performance at our facility on January 28, 2008 was a success. Matilda's diverse entertainment enchanted our residents. Feed back was positive. It is official; your show was a hit with our crowd.

Matilda is quite a gal! She certainly is "no dummy". Her jokes and comments were clean but direct and on point for laughter. The show made for an enjoyable evening for men as well as women.

Several exploratives for your show would include, infected with hilarity, entertaining, insightful, enlighten perspective on life and charismatic.

The operational functions of your show have been a good experience for us from start to finish. We would be glad to recommend you to groups and facilities for future bookings. We are also looking forward to bringing you back to visits us in the future.

Regards,

Rheba Hysell
Assistant Activity Director
